Subject Line: Join Me at COExperience for User-Driven Dassault Systèmes Education

Dear **NAME**,

I'm attending 2023 COExperience in Miami this year, join me! 2023 COExperience brings together expert users of Dassault Systèmes solutions. In Miami, you will hear from industry leaders and Dassault Systèmes executives, have the opportunity to better understand the latest product developments, learn solutions to work more efficiently and network with fellow users. Bolster your knowledge by attending **COExperience, April 16-19 in Miami**.

Learn: Choose from over 100 hours of programming in engineering, analysis and simulation, manufacturing, information management, infrastructure, deployment, and product definition.

Featured hot topics include:

- Model Based Systems Engineering
- Virtual Twin
- Sustainability
- Additive Manufacturing Optimization
- Digital Asset Management

Network: Mingle with Dassault Systèmes experts who are committed to answering your questions and addressing challenges you face in your day-to-day work and network with fellow users working within a wide range of industries. The TechniFair also offers the opportunity to discover new products and services.

Grow: Tap into the shared resources of hundreds of COE members, Dassault Systèmes executives and more! Meet new friends and contacts throughout the week and strengthen ties with existing business partners.

Make plans to join me and hundreds of your peers to take in all of the valuable insight and knowledge presented at this unique Dassault Systèmes community event.

Register by March 3, and save \$150! A discounted room rate will also be available at the Hyatt Regency Miami until March 17, based on availability.

Sincerely,

YOUR NAME

LinkedIn/Facebook:

This April 16-19 I will be attending 2023 #COExperience in Miami to reconnect with fellow Dassault Systèmes users and learn from over 100 hours of education. Please join me by registering below! Register by March 3 and save. <https://bit.ly/3aBPo1>

#COExperience is the best event for learning from and connecting with fellow Dassault Systèmes users to hear how they have solved business challenges in their area of expertise. I am looking forward to this **SESSIONS OF INTEREST** in particular because/to learn **WHY YOU ARE ATTENDING THAT SESSION OR WHAT YOU WILL LEARN.**

Jumpstart spring and join me and hundreds of other Dassault Systèmes users in Miami!
